

## THANK YOU FOR SUPPORTING MY BUSINESS!

Hello! Thank you for purchasing this planner kit from my shop.

### Printable:

To use this set, print one page of the WEEKLY PLANNER page and seven of the DAILY PLANNER page. The top of each page has the Month and Date that you can highlight or circle to track the timelines. The Daily Planner includes the day of the week in the header that you can highlight or circle.

### Printable Option:

To conserve paper but still have the handwritten plans for the week and days, laminate the page and use a dry erase marker!

### Editable PDF

If you'd like to fill in the pages from your computer or tablet, you will need to download the free Adobe Acrobat Reader software. It is available at <https://get.adobe.com/reader/>. You will be able to edit all fields that are shadowed (the daily and weekly lines, etc.), but will not be able to edit the titles or formatting.

I hope you receive as much benefit from these planner pages as I did from pressing positive energy into the process to create them for you. Again, thank you for your order and for your support for small businesses.

Warmest Regards,

Gwyn
